NATIONAL SAFETY INSURANCE AND TRUST COMPANY.

Mutual Life Insurance on the Cash System.

OFFICE NO. 62, WALNUT STREET, PHILADEL PHIA, ABOVE THIRD.

CAPITAL STOCK \$250,000.

Rates of Premium reduced Twenty-five per cent. CAPITAL STOCK \$250,000.

Rates of Premium reduced Twenty-face per cent.

Persons insured in this Company for the whole term of life participate in the annual division of profits which will be paid in scrip or by bonds added to the policy.

Life Insurance upon the principle adopted by the Company is founded upon the principle adopted by the Company is founded upon the principle of contribution in the shape of annual, semi-annual, or quarterly premium or dues to a common fund, proportionate to the amount insured, out of which the company pay a stipulated sum on the death of the assured, to the person for whose benefit the insurance is effected. Thus each person insuring in this company, by contributing a small portion of his income or earnings, effects a sure provision for the wants and necessities of his family after they are deprived of that support which, whilst living, he was enabled to provide for them by his exertion.

After a thorough investigation of the different systems adopted in Europe and America, and of the rates of premium charged, this company have reduced the annual premium or quarterly dues twenty-five per cent., and will receive the premium annually, semi-annually, or quarterly, as may be preferred, under a firm conviction that the exigencies of the company will never exceed and seldom require the premium charged by this company, to enable it to meet all its engagements, which reduction will leave a large margin for seasons of unusual sickness and death among its members. This company preferring to reduce the premium at once to an amount more nearly approximating the actual necessities of the company, than to adopt the system of premium notes for a portion of the premium which is attended with so many disadvantages.

Some of the peculiar advantages of this company are, 1. A reduction of theority-five per cent. in the annual premium charged.

2. A participation in the profits of the company by those

mium charged.

2. A participation in the profits of the company by those who insure for life.

It will be recollected that in 1848, our Piano also received the First Premium by the same Institute.

Such testimonials are not easily carned, and are not to be lightly regarded. We may therefore say that having taken the First Premium, wherever our Instruments met with competition, we offer them to the public with a confidence we might not otherwise avow, guaranteeing all Instruments made by us to give satisfaction, or they may be exchanged within six months from day of sale. Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.

BLACKWOOD'S MAGAZINE,

BRITISH QUARTERLY REVIEWS BRITISH QUARTERLY REVIEWS.

Owing to the late revolutions and counter-revolutions among the navions of Europe, which have followed each other in such quick succession, and of which "the end is not yet." the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

following is their list, viz: THE LONDON QUARTERLY REVIEW. THE EDINGUIGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, AND
BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediated. In these periodicals are contained the views, moderately of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.
